Re: *Ex Parte*, WT Docket No. 10-4

Dear Ms. Dortch:

This is to inform you that on December 8, 2010, Lloyd Meese, President and CEO, and Michael Rodgers, Founder and CTO, of Wireless Extenders, Inc. ("Wi-Ex") and the undersigned met with: (1) Commissioner Mignon Clyburn and her Legal Advisor Louis Peraertz; (2) Charles Mathias, Senior Legal Advisor to Commissioner Meredith Attwell Baker; (3) John Giusti, Chief of Staff and Legal Advisor to Commissioner Michael J. Copps; and (4) Michael McKenzie, David Goldman, and Roger Noel of the Wireless Telecommunications Bureau.

The purpose of the meetings was to discuss issues related to the above-captioned proceeding pertaining to the use of signal booster devices used by consumers of commercial wireless services. We discussed the important customer benefits of signal booster devices, which enable consumers, public safety and other government agencies, and others to receive wireless service in areas and inside buildings with weak to no signal. We expressed our support for a Notice of Proposed Rulemaking in the above-captioned proceeding, and explained the harm to consumers that would stem from a ruling that the use of non-interfering signal boosters without prior wireless carrier consent was prohibited. We also discussed other approaches to ensure that consumers

were able to continue using these devices, which meet an important consumer demand and enable consumers to receive wireless signals where they live, work, and play.

Please direct any questions regarding this matter to the undersigned.

Respectfully,
